Fire Insurance Rate Drop Here Seen Possible

State Official Says
City Needs Aerial
Truck, More Firemen

The addition of four men to the fire department, purchase of an aerial ladder truck and the installation of five fire alarm boxes in the mercantile district would undoubtedly place Salem into a lower fire insurance classification.

W. R. Thomson of the Ohio Inspection Bureau, which supplies rate schedules to state insurance companies, told Kiwanis Club members at Thursday's noon meeting that if the city followed his recommendations it would be placed in a Class 5 category.

Residences Exempted

Its reclassification out of Group 6 would result in a 6.3 per cent lowering of insurance rates to all buildings except residences, he said.

Mr. Thomson stressed the fact that without an aerial truck the local fire department would be practically powerless to cope with a blaze breaking out on the third floor of any Salem building.

He stated also that fire department manpower was one of the most important factors in the consideration of a city's insurance rates and that the Salem department was inadequately staffed. A portable generator and a panel truck or car to be used for sundry department purposes also were recommended for purchase by the city.

Water Supply Is Factor

Mr. Thomson outlined to members the methods employed by his company to ascertain proper fire insurance rates. The water department of a city is of prime importance in the evaluation of rates, he said.

The speaker asserted that Salem's water department was in "pretty good shape." It will be vastly improved upon the completion of the new East Cold Run reservoir and an engineer's survey to determine the size and location of all the city's water lines, he said.

Brown Awarded Pin

Prior to Mr. Thomson's address, members heard the annual financial report. Warren W. Brown was presented a perfect attendance pin for having been at all Kiwanis meetings for 28 consecutive years.

B. V. DeVier was program chairman. Guests included Mayor or Harry M. Vincent, Sheriff Service Director J. Arch Harwood, President of Council Ned Massa and Fire Chief Clarence W. Wright.

15 Reds Drop Case Against Newspaper

LOS ANGELES (AP)—Attorneys for 15 California Communist Party leaders have dropped their attempt to stop publication of an expose in the Los Angeles Times, and trial of the defendants will begin Feb. 1.

The defense attorneys withdrew their injunction suit against the newspaper yesterday, telling the court they didn't know where to draw the line between the first and sixth amendments of the Constitution. (The first guarantees freedom of press, the sixth right to impartial trial.)

"If one section of the Constitution must give way to another," said Attorney A. L. Wirin, spokesman for the defense battery, "the sixth amendment should give way to the first."

Federal Judge William C. Mathes dismissed the petition, although he later told Wirin he didn't agree that freedom of the press was more important than the right to an impartial trial.

However, when defense attorneys again sought to get the trial postponed, on grounds the articles by Herbert A. Philbrick would influence jurors, Judge Mathes ruled against a delay.

County Group Endorses Taft

Republicans Pick Smith For Election Board Post

T. Emerson Smith, Salem grocer and chairman of the Columbiana County Republican party, was elected to the county board of elections when the Republican executive committee met Thursday night in the Lisbon courthouse.

Smith won on a 16-11 vote over Albert L. Forney of East Palestine, now serving his third term. The vote was declared unanimous, upon Forney's suggestion, and the election will be certified to Secretary of State Ted Brown for approval. The selection is tantamount to final appointment however.

Vote Taft Endorsement

The county Republican committee last night also endorsed the presidential candidacy of U. S. Sen. Robert A. Taft, John Bricker for senator, and three incumbent Ohio Republicans—Secretary Ted Brown, Treasurer Roger Tracy and Attorney General William O'Neill.

Mr. Smith will take his seat on the election board when Mr. Forney's term expires Feb. 28. The latter had served four months short of 12 years, having been appointed in June, 1940, to succeed the late Wallace Fogo of Wellsville.

Mr. Smith has been active in Columbiana county politics for 16 years, serving two terms as county GOP chairman and two terms as county vice chairman.

He also has been busy in civic affairs locally, having headed the Community Chest and Red Cross drives. He is former secretary of the Golf Club.

The Democrats already have re-elected Carl Stacey of Columbiana to the election board.

Other members are Don Gossney of Columbiana, a Democrat, and C. A. Houlette of Fairfield Township, a Republican. Frank R. O'Hanlon of East Liverpool is clerk.

U. N. Jets Down 10 Red Planes

Victory Rated As One
Of Biggest In War

SEOUL, Korea (AP)—Daring American Sabre jet pilots shot down at least 10 Red jets in four flaming air battles over northwest Korea today.

It was one of the biggest jet victories of the war. The Fifth Air Force announced 10 Russian-type jets were definitely destroyed, one probably destroyed and three damaged.

The biggest toll in an all-jet battle was Dec. 13 when 13 Red jets were reported destroyed, two probably and three damaged.

American losses, if any, in today's four battles were not announced. U. S. air casualties are reported weekly.

Ground Action Light

On the ground a series of fights broke out along the western front between Allied patrols and Chinese units of about company size. The U. S. Eighth Army described them as light engagements.

Limited actions also broke out in the snow-covered ridges of the east. The only specific action reported in a U. N. communique was a five minute probing attack by a squad of Communists near the punchbowl.

A South Korean cleanup of Red guerrillas operating behind Allied lines slowed. One hundred Reds were reported killed Thursday and four captured.

An Eighth Army staff officer said 8,000 Communist guerrillas have been killed and 7,000 captured in a winter campaign in the Chiri mountains. An officer who participated in the seven-week operation said the guerrilla "general staff of Moscow-trained leaders has been trapped" although their top leader escaped.

U. N. Submits Plan
Allied truce negotiators suggested today that the thorny question of airfield construction be set aside temporarily and staff officers start work immediately on other details of policing a Korean armistice.

Chinese Maj. Gen. Hsieh Fang promised to study the proposal and reply later. He did not say when.

"Basically, this is another effort of the U. N. Command to achieve a realistic armistice as rapidly as possible," said Brig. Gen. William P. Nuckols, Allied spokesman.

The issue of whether the Communists have the right to build and repair military airfields in North Korea during an armistice has dead-locked truce supervision negotiations since Jan. 9.

2 Salem Men Among 16 Inducted Into Services

Columbiana draft board 16 at Lisbon forwarded nine men—two from Salem—to Canton this morning for induction into the armed services.

Drafted were Ray C. Snyder, 435 N. Ellsworth Ave. and Bruce R. Herron, 493 S. Broadway, of Salem; John E. Tolson of Lisbon, Clyde S. Sechrist of Washington D. C., formerly of East Palestine.

Donald A. Tice, James R. Poynter and Kenneth C. Mays of East Liverpool and Vincent C. Laneve and Stanley E. Brown of Wellsville.

45 Killed As Egyptian Police And British Fight

French Troops Land In Tunisia To Halt Revolt

5 More Die In Riots
That Have Claimed
50 Dead In 10 Days

TUNIS, Tunisia (AP)—France today landed fresh troops in strife-ridden Tunisia to fight nationalist uprisings in which nearly 50 persons have been killed and hundreds have been injured in the past 10 days.

The French Cruiser Georges Leygues landed militarized police at the North African port of Bizerte. French officials announced yesterday that heavy armored and infantry detachments were being rushed here to help seek out the instigators of violent demonstrations and guerrilla attacks on French authorities.

Two more trains were derailed by saboteurs last night—15 miles west of Tunis and 24 miles south-west of the city, the French said. One man was killed.

All major Tunisian cities and towns already were thronged with heavily armed police and troops. In some centers tanks and other armored vehicles patrolled.

Martial law was threatened as five more persons were killed in rioting yesterday.

The strength of the arriving reinforcements was not revealed.

They join a French force of about 20,000 French troops, French-officered Tunisian soldiers and police and colonial forces from Senegal and Algeria.

(From the port of Toulon, on France's south coast, it was reported 6,500 troop reinforcements had left for Tunisia with light arms, jeeps and other material.)

Police shot and killed four Tunisians at Kairouan yesterday. They were in a mob that descended upon the European quarter, sniping from behind walls and hurling stones. Ten persons were wounded, including a French Jew merchant was stabbed to death in Modene village, non-commissioned officer.

Boy Scout Leaders To Take Training

Basic training for Boy Scout leaders will take place at the McKinley Scout Reservation this weekend under the leadership of Raymond E. Williams, assistant national director, Boy Scout Service, Boy Scouts of America.

Primarily as "training for trainers" this course has been thrown open to its full capacity of 32 men. Leaders for the course include Robert F. Beatty, council training course scoutmaster, M. H. Mawhinney, J. R. Stratton Jr., George H. Bowman Jr. and Floyd N. McKulkin of Salem, George Robertson of Columbiana, Floyd Hull of Kensington and Wilfred Gamble of New Garden.

A. V. Smith of Salem will prepare all meals. Rev. Tom Hamerton of Winona will be in charge of Protestant services at the camp Sunday morning. Leaders of Catholic faith will attend mass at St. George's Church in Lisbon.

Politicians Ponder Truman's Decision

WASHINGTON (AP)—Congressmen reached widely differing conclusions today as result of President Truman's remarks about leaving the door open for him to run for his old senate seat instead of seeking another White House term.

His mention of the Missouri situation only fogged the picture for the crystal ball gazers.

No one professed to know for sure, but there were renewed predictions Mr. Truman (1) will seek re-election to the presidency, (2) won't run for anything, (3) very well may bid for the seat he once held as a Missouri senator.

The President himself revived talk about the Missouri senate seat. He did so by telling his news conference late yesterday he will announce his plans before the filing deadline for the senatorial primary in Missouri, which is April 29.

BOY RESCUED FROM RIVER.—Firemen and bystanders drag a 13-year-old boy, Jim Rossetto (back to camera) to safety on the shore of the Los Angeles river in Los Angeles, Calif., after he and another lad were stranded on a rock shelf in the center of the stream. The boys, along with three others, were walking across the nearly-dry river bed when a torrent of water, released from an upstream dam, trapped them 40 feet from shore. Firemen used lines to bring the boys through the seven-foot deep current. One fireman clutched the Rossetto boy as they were pulled across, sometime under water, sometimes above. *

President Says Dems Won't Hamper Defense

KANSAS CITY, Kas. (AP)—President Truman today sketched a peace, progress and prosperity program designed to win the November election, but declared his party will not play politics with national defense.

He said that "if anybody is to play politics with the welfare of this country, it will not be the Democratic party."

His remarks were contained in a message to a 15-state Midwest Democratic conference opening today.

"This year of 1952 will be a critical year in our struggle to achieve world peace," he said.

"We are in the middle of a great national effort to build our defenses and help free nations to strengthen themselves. If we falter now or lose heart and turn aside from the program we have laid out for ourselves, we can fail."

The message was in the form of a letter to conference chairman James C. Quigley of Nebraska. It came amid speculation that Mr. Truman (1) will run for the Senate in Missouri at the end of his term, (2) is a candidate for re-election and (3) he wants to name his successor.

Out of this confusion one salient fact stood out: Lacking any other nominee they consider especially attractive, Midwestern leaders want Mr. Truman to run again.

At the risk of possible future dissent, three leaders of the Midwestern meeting predicted the conference would go on record unanimously approving a resolution urging the President to seek another term.

The possible dissent was wrapped up in the persons of Senator Robert Kerr of Oklahoma and Vice President Barkley. Kerr has contended belligerently that Mr. Truman won't run again.

Barkley is regarded by his friends as not only a candidate for second place on the 1952 ticket, but as an aspirant for the presidency himself. Both are speakers at this 15-state meeting but neither is expected to show his hand here.

Dispute Idles 500 At Newell Pottery

EAST LIVERPOOL.—Some 500 decorating department employees of the Homer Laughlin China Co.'s plants at nearby Newell, W. Va., were idle today in a dispute involving about 50 kiln hands.

The largest dinnerware firm in the Eastern United States, it employs over 3,500.

Allen Rose, president of the AFL National Brotherhood of Operative Potters Local 124, said the grievance concerns the amount of production expected by the company from a new kiln.

Eight men were discharged Wednesday and the dispute spread to the kiln shops, making 500 idle.

No conferences are scheduled with the company but the union has called a meeting tonight to hear a proposal by James M. Duffy, NEOP president.

71 Also Hurt During Battle In City Of Ismailia

Diplomatic Relations
At Stake As Egypt's
Cabinet Has Session

CAIRO, Egypt (AP)—British troops with tank support battled Egyptian police for six hours in Ismailia today. British officials reported 42 Egyptian police and three British soldiers killed in the bloodiest fighting yet in the Suez Canal Zone.

The British counted 58 Egyptians and 13 British soldiers hurt in the battle, which the British initiated to disarm Egyptian auxiliary police. The British claimed the police were fighting them instead of keeping order.

An embittered Egyptian cabinet was called into emergency session, possibly to consider breaking off diplomatic relations completely with the British.

Despite appeals from outside sources for efforts to make peace in the Suez, relations between the British and the Egyptians appeared to be at their worst point since Egypt cancelled the 1936 Anglo-Egyptian treaty last October and demanded that British troops get out of the vital canal area.

Action Began At Dawn

The fighting began in Ismailia, a midway point in the canal zone, at dawn. It ended shortly after noon, the British said, when Egyptian police resistance collapsed.

Outnumbered two to one, the police had been under orders to fight to the bitter end. They fired 60,000 rounds of ammunition before they yielded.

The fighting occurred at two main centers—the Egyptian health center two blocks from the police headquarters and at the police headquarters itself.

The British said 41 Egyptians were killed and 55 wounded at the health center. One was killed and three were wounded at the police station. Four hundred police surrendered at each place—a total of 800. A British spokesman said all would be detained pending "screening and interrogation."

Lancashire Fusiliers moved against the health center under a smoke screen because police inside were sniping at the British.

Before today's fighting the unofficial tabulation showed at least 143 Egyptians and 31 British killed since last Oct. 16. These figures were taken from British communiques and official Egyptian announcements. Unofficial

Local Potato Growers Oppose Price Rollback

Opposition to the government's price rollback on potatoes was voiced when Columbiana and Mahoning county potato growers held their annual winter institute Thursday in the Methodist church basement.

Declaring that the 10 per cent price rollback, announced recently by the Office of Price Stabilization, is an invitation to black market operations in "spuds," the farmers pointed out that the price ceiling is unjustified.

The potato growers heard Ohio State University specialists and then elected 12 directors, six from each county. They are:

Columbiana county: A. W. Andrich and Ben Weingart of RD 2, Leetonia; Sam Tritton of RD 4, Lisbon; John Doyle of RD 3, Salem, and Howard Wise and Howard Holloway of RD 1, Columbiana.

Mahoning county: Elbert Agnew of Boardman, Charles Barth and Carl Johnston of Poland, R. W. Kenreigh of RD 5, Salem, and Charles Rapp and Ernest Stackhouse of North Lima.

Hope Remains For Tough Law To Halt Teen-Age Addiction

By DON WHITEHEAD
(Last of a Series)

WASHINGTON (AP)—There is rising hope today that a new and tough federal law against narcotics peddling has halted the alarming upsurge in teen-age addiction to drugs.

For more than two years, a growing number of teen-agers have been dragged into the slave-world of narcotics that has trapped some 50,000 addicts in the United States.

But in the past two months, U. S. Narcotics Commissioner H. J. Anslinger reports, there has been a decline in juvenile narcotics addiction. The number of youngsters being treated as addicts also has tapered off.

It's the brightest news that has come out of the battle against the dread habit in many months. Anslinger gives credit to a new federal law—signed by President Truman last November—increasing the penalties for violation of the narcotics and marihuana laws.

THE NEW LAW fixes a minimum prison term of two years and a maximum of five for the first-time violators. It bars suspended sentences for those convicted a second time. It increases prison terms to a possible 20 years for third offenses.

Anslinger is supported in these views by Federal Judge Guy L. Fake of New Jersey who has had long experience in dealing with narcotics addicts.

Judge Fake has said: "If we could teach the young what a terrible thing it is, it might . . . frighten the life out of anyone who would think for one moment of trying it even on a dare . . . Why this narcotics addiction is worse than leprosy, a thousand times worse, and it spreads one to another."

Judge Fake contends the kind of thing a judge can do for an

FBI HITS JACKPOT—Part of the 2676 slot machines seized by FBI agents in surprise raids throughout Kentucky have been stored in this room in Northern, Ky. At least 23 persons, two of them in Indiana, have been arrested under the Johnson Act.

... the only way you can actually stop or begin to stop teen-age addiction is through some sort of a revision of the Harrison Act. . . making it legal for registered addicts. . . If they can obtain their drugs through a doctor for a small amount of money, they won't go to the peddlers. It won't be profitable for the peddlers to sell drugs in the streets."

And a young doctor who became an addict said: "Any peddler who would take a child or just a kid and sell him narcotic drugs, particularly some kid who doesn't know the effect of it or what lifetime slavery it might lead to—I would say that a man who sells narcotics to that person should have the electric chair."

There is no known cure for narcotics addiction—except a desire within the addict himself to want to be cured and enough will-power to keep away from drugs. But that desire and will isn't strong enough in most cases. That's why the fight goes on against the underworld which has enslaved so many men, women and children with its evil traffic.

How The Worker May Appeal Decision Made On Application

JOE DOAKES doesn't just have to "take it and like it" if a decision rendered by the Ohio Bureau of Unemployment Compensation is unfavorable to his interests.

His rights of appeal have remained intact under the amended Ohio Unemployment Compensation Act, which became effective January 1, 1952.

Every effort will be made by the BUC to arrive at a fair decision on each application after all the facts have been considered. Most decisions challenged by the worker result from the failure of either the worker or the employer, or both, to present all the facts prior to the time the application is considered.

Ohioans Set Record In Liquor Buying

COLUMBUS (AP) — Ohioans set a new record in dollars spent for spirituous liquor in 1951, the state liquor department announced today.

Department Director William C. Bryant said 1951 sales' exceeded the previous high—\$156,441,482.65 in 1950—by \$14,539,688.50.

The total dollar sales for last year amounted to \$170,981,171.15.

Not only were dollar sales high, Bryant said, but gallonage sales also were above normal with a total of 10,474,606 gallons for 1951. This was surpassed only in 1942 when gallonage sales hit 10,597,985.

Bryant said the above-normal year in 1951 for the most part could be attributed to business conditions and partially to the Nov. 1, 1951 tax boost of \$1.50 per gallon. Upward trend in sales was on the retail level, he said, with wholesale sales showing a small decrease.

Retail sales for 1951 in state stores and agencies were \$121,294,140.43 as compared with \$105,565,677.91 during 1950. The 1951 wholesale sales amounted to \$49,704,405.70 compared to \$50,875,804.74 in 1950.

Columbiana, Mahoning Orchard Meeting Set For Next Thursday

The annual winter meeting for orchardmen of Columbiana and Mahoning Counties will be held Thursday at Fairfield Centralized School, beginning at 10 a.m.

Horticultural societies of both counties cooperated with the Agricultural Extension Service in preparing the following program:

10 a.m.—motion picture; talks, "Use of Newer Spray Materials to Promote Better Foliage," Blair Janson, extension plant pathologist from Ohio State University, and "Our Experience in Producing Fruit," T. L. White, Geauga County orchardist.

Panel discussion, "Experience in Use of Materials for Thinning and Increasing Color of Apples," Vernon Patterson, extension horticulturist of O.S.U., leader.

1:30 p.m.—"Our Experience in Marketing Apples," White; marketing committee report, and "Pruning to Improve Fruit Size and Quality," Patterson.

Lunch will be served in the school cafeteria at 12:30.

Heads Tractor Club
LISBON—George Bates of RD 3, Minerva has been elected president of the newly-formed Tractor Maintenance 4-H Club which meets Monday nights at 8 p.m. in the O. S. Hill & Co. store.

Other officers are Don Moser of RD 1, Hanoverton, vice president; Patsy Gause of RD 1, Hanoverton, secretary, and Sally Hill of Lisbon, reporter. The club has 45 members.

Lisbon Kiwanians Hear Russell Barrow

LISBON — Russell Barrow of Columbiana made an official appearance as 15th Kiwanis division lieutenant governor at the Kiwanis Club luncheon Thursday, speaking on Kiwanis' 1952 theme, "Liberty—Let's Keep It."

Tracing the loss of individual liberty the past 50 years, he challenged members to be Paul Revere alertists to the danger of a too-powerful central government.

Unless reason is re-established, Barrow said, liberties will be lost in "a homemade brand of totalitarianism."

A world engrossed in steam shovels, atom research and hydrogen bombs must return to an awareness of spiritual values if it is to survive, he said.

"There are two alternatives to our arming at home and in so-called free countries abroad—either we go to war or we go broke," he said.

Barrow, part owner of the Columbiana Boiler Co., was introduced by Robert Leggett, president.

Probe Of Vice Near Japanese Camps Asked

WASHINGTON (AP) — Rep. O'Hara (R-Minn) today asked the Defense Department for an immediate investigation of a report of mass prostitution near Army camps in Japan.

In a letter to Secretary of Defense Lovett, O'Hara said he had received a complaint from a constituent who enclosed a letter from a boy in the armed forces in Japan recounting conditions there.

The letter from the boy in Japan said in part: "Conditions exist here in Japan that are a disgrace and a reproach to our armed forces and to the U. S."

"The lowest and vilest forms of vice and corruption abound—mass prostitution rackets flourishing without the military police lifting a finger. These conditions could not exist without the sanction of the military police."

Reps. Hays (D), Secret (D), and Jenkins (R) said they support the idea of a federal mine safety code, though they did not endorse any specific legislation now pending.

Home Nursing Is Popular Course

COLUMBIANA — Interest in civil defense precautions is growing in Columbiana. So many have signified a desire to take the course in home nursing, taught by Mrs. Frances Cline, that a third class will probably be organized to follow a while after the conclusion of the second.

Mrs. Cline expects to conclude the first class this evening, when 11 members will finish the course of lessons. One member dropped out on account of illness.

She will probably start the second class next Tuesday evening with about 12 members, who will finish the course in a couple of weeks, leaving as many more on the waiting list for a third course, which may be delayed a couple of weeks, as Mrs. Cline expects to be away from home. Meetings are held Tuesdays and Fridays at the American Legion home on North Pearl street.

Mrs. Gilchrist, 1st Aid Teacher
Civil defense officials are still hoping that enough interested persons may be enlisted for a first aid class to be instructed by Mrs. John Gilchrist with meetings in the High School building.

The class would be under the supervision of C. E. Garside of the East Palestine chapter of the Red Cross.

Columbiana defense officials are trying to create among citizens an interest in the civil defense alert of America convoy, consisting of a number of trailers, which will be stationed in Youngstown, between South Avenue and Rush Boulevard, Wednesday, Thursday, Friday and Saturday of next week.

The convoy is spearheading a campaign to awaken citizens to a realization of the possibilities of atomic warfare. It will dramatize an A-bomb attack and nerve gas and germ warfare, with means of protection, and will show what America is doing in the way of organized defense.

Local defense officials are having printed the prospectus of the convoy for distribution to the schools and among civic organizations.

Clippers Play Tonight
The Columbiana Clippers will play New Springfield in Columbiana High School gymnasium at 8:30 p.m. today, preceded by the Reserve game at 7.

DISTRICT Deputy Grand Master Oscar Lesher and installing staff of Panora Lodge of Odd Fellows will install officers for Welcoming Lodge in East Palestine this evening.

Edwin Dawson of Salem, active in scout work, explained to Cub Scouts at a group den meeting in the Presbyterian Church Wednesday evening the meaning of the constellations of heavenly bodies.

His talk had reference to the

"space" phase of the theme of Cub Pack 17 for the month, "Sun, Planets and Space," preliminary to the pack meeting at the church at 6:45 p.m. next Wednesday. William Stamets Jr., of the William J. Stamets Co. will give a talk on "Jet Engines" at the cub meeting, and cubs will show the rocket planes they have been making in connection with the theme of the month.

Brownie Scouts Invested

Twenty-nine Brownie Scouts, mothers and committee members were present at an investiture service at the home of Rev. and Mrs. A. A. Anderson, the Lutheran parsonage, 415 South Main street, Wednesday afternoon.

The investiture committee, Mrs. Robert Miller, Mrs. Harry Heltzel and Mrs. Clyde Douglas, invested 10 Brownies, Nancy Alley, Mary Anderson, Marian Douglas, Vaughan King, Carlene Kramer, Cathy Litten, Catherine McCarty, Carol Price, Carolyn Ridell and Carol Souder.

Brownie pins were awarded Miss Anderson and Miss King. Lunch was served by Mrs. Herbert Souder and daughter, Carol, Mrs. Robert Horn and Miss McCarty.

Fire Insurance Rates

THE OHIO Inspection Bureau official's statement that the Salem fire department should be equipped with an aerial ladder truck is only a reminder of a weakness already recognized by Fire Chief Clarence Wright and some veteran members of the department.

The chief's plea to City Council a year ago for an aerial truck fell on deaf ears. But the need still exists.

Speaking before Kiwanis Club members Thursday, W. R. Thomson of the Ohio Inspection Bureau, said improvements in the fire department probably would bring about reduced fire insurance rates for Salem business establishments. Each and every merchant and building owner favors lower insurance rates.

Right now the Salem fire department's ladders can reach a second story window. But that's about the limit. Anyone trapped in the Metzger Hotel, for example, could pray, and that's about all.

The Ohio Inspection Bureau representative's recommendation of four more men for the fire department doesn't, at the moment, seem justified although fire insurance rate reductions apparently hinge on that, too.

It's something for City Council to review.

Ciphers On The Cuff

THOSE few citizens who struggle with the arithmetic of creeping bankruptcy in Washington have discovered some underlying principles.

The tastes of governments, like the tastes of citizens, grow more expensive with age. There is an endless urge to pass on to better things—to better housing, wider ranges of service and more manpower.

This urge is catered to by members of Congress, who have sole authority to appropriate money. Congressmen, themselves, like to spend money. They want more requisites of office—more clerical help, more this, more that.

Meanwhile, citizens grumble about more taxes. Many grumble in between demands for more spending. They do not relate the one to the other. They demand airports, highways, hospitals, services and security—but they do not demand taxes.

This puts their representatives and senators on the horns of a dilemma. To get elected and re-elected, they must give the people what they want, but the people do not want taxes. So, legislators take their chances on the people's positive wants and vote to spend more money.

They vote to collect more taxes only when they think this is unavoidable. As for the taxes they do not deem unavoidable, they learned long ago that nothing worries taxpayers less than additions to the national debt, where deficits are out of sight and out of mind—ciphers on Uncle Sam's cuff.

Only Congress can authorize the spending of money. It does no more good to rant and rave about the chief executive in this regard than it does to curse the weatherman when it rains on the day of a picnic.

Mr. Truman, who has just proposed an \$85 billion-plus budget for next year, can do no more than propose. He cannot spend a penny without a congressional appropriation.

—And Still Champion

THERE ARE Englishmen who grumble and grouse that Winston Churchill, being 77, is therefore in his dotage and should step aside for younger, keener leadership.

Echoes of their dissatisfaction with "Mr. England" have been heard all the way across the Atlantic. But as of now, there is an impression over here that Churchill at 77 is still champion as far as England is concerned; that his age has not hurt his heart or head.

There is a further impression that something has backfired in the idea, recently popular, that the old 'uns should lie down and let the young 'uns romp over them. Some kind of revolt is going on.

Even where the idea of involuntary retirement was being preached on a text of business efficiency, there are rumblings of vigorous dissent. Like Mr. Churchill, who has slowed down in his movements but has continued to gain in his know-how, the oldsters are refusing to be moribund.

Many of them still have more zip and zeal at reduced speed than their younger competitors can develop with the throttle wide open.

Whatever else Mr. Churchill accomplished here, which may have been more or less than he expected to accomplish, he can chalk up one accomplishment for free. He hushed the mouths of a lot of eager beavers who talk as if everybody older than they are should be sent to the gas chamber.

Most girls do a good job of making up—yet lots of fellows think the paint on the cheeks needs retouching.

Tax Returns

By JAMES MARLOW

Deadline For Filing Is March 15

(First of a Series)

WASHINGTON

HIGHLIGHTS on your income tax return, including changes made in the law by Congress last year.

Usual, unchanged points to remember—

Who must file—midnight of March 15 is the deadline for filing a return on your 1951 income. Who must file? Everyone who had \$600 or more income last year.

Everyone—man, woman, child, married or single—who had that much income in 1951 must file a return, even though he owes no tax. If he does owe any he must pay it in full with his return.

Income under \$600 is tax-free. So no return has to be filed on it. But some people with less than \$600 income in 1951 had tax withheld. They should file a return to get a refund. It's the only way they will get it.

FORMS FOR FILING—The forms for making the return are the same as last year: Form 1040-A, a single yellow sheet; and form 1040, a four-page return.

Most people, because most fit the rules for using it and it's the easiest to use, will use form 1040-A. They're the under-\$5,000 income people who had all or most of the tax withheld from them in 1951.

The under-\$5,000 people who can't use form 1040-A will use form 1040 either as a short form (finding their tax in the table on the back) or as a long form (figuring their own tax).

People with \$5,000 or more income have no choice. They must use form 1040 as a long form, figuring their own tax, which isn't difficult.

Husbands and wives—husbands and wives can still split their income by filing a joint return, even though one of them had no income, in order to get a lower tax.

Exemptions—everyone filing a return gets a \$600 exemption for himself, plus \$600 for his wife, if she had no income or files jointly with him.

If she had any income, no matter how small, but doesn't file jointly with her husband, he can claim no exemption for her. If she files her own return separately she claims her own \$600 exemption.

And—you get the usual \$600 exemption for each dependent.

The new changes to remember—

SOCIAL SECURITY—This year for the first time self-employed people begin paying a so-

cial security tax. They were brought under social security coverage by Congress late in 1950.

But until now they haven't paid any tax. To do so now, they must use a special form, called Schedule C. If you don't have this Schedule C, get it from your nearest collector. The tax is 2½ per cent of the first \$3,600 of income. This social security tax on the self-employed is, of course, in addition to the regular income tax.

There's a new rule for those who, employed by others, had social security tax withheld from their pay check. The tax on the employed is 1½ per cent on the first \$3,600 of income, or a maximum of \$54 a year.

In the past if too much social security tax was withheld from your paycheck—because, perhaps, you worked for more than one employer—you could get a refund only by filing a claim for it.

Now, if it happened to you in 1951, you can credit it against your income tax on form 1040-A or form 1040 without filing a special claim. You'll see the place to do this on the form.

DEPENDENTS—While no one with less than \$600 income has to file a return, until now no one with more than \$500 income could be claimed as a dependent.

Under the new law the \$500 figure is eliminated and anyone with less than \$600 income, who fits the other requirements, can be claimed as a dependent.

MEDICAL EXPENSES—Until now no one could deduct for medical expenses unless they exceeded five per cent of his income. And then he could deduct only that part which exceeded five per cent. This rule has been changed a bit.

Now a taxpayer—if he or his wife is 65 or older—can deduct the entire amount of his medical expenses for the care of both. For example: A man is 65 and his wife 45. She had the expense.

But such a taxpayer can't do this if one of his dependents had the medical expense.

The law otherwise remains unchanged for taxpayers under 65. They can deduct only that part of the medical bill which is more than five per cent of income.

PROFIT ON SALE OF A HOME—An individual who sells his residence and then buys or builds a new residence one year before or after his sale, will pay no tax on any gain from the sale of the old residence, unless he receives more for it than he paid for the new one.

It Is Morning!

By TRUMAN TWILL

THIS morning at sun-up, I was huddled dejectedly over breakfast in front of a window overlooking the barnyard or mile or more of R.F.D. stretching off to the east.

There was no particular hurry about revving up the engines and taking off, though that ultimate necessity loomed formidably in the background of my maternal musings. Meanwhile, there was time for a second cup of coffee, maybe a third.

It was during the third cup that things began to stir in the barnyard. The rooster, kept for crowing purposes, wandered out of the barn, flew up on the top of the fence and performed his purpose.

In his wake straggled a pair of sleepy hens. The rest followed, whipped into line by the head man with a demonstration of paternalism which would have done credit to better brains than his. He found, or pretended to find, something of great interest. He scratched at it, cackled at it, stirred up a lively curiosity in his flock and, presto, his leadership had been asserted for another day.

Next came the goose, whose only purpose is ornamentation. She moved serenely out into the meadow and began to graze. In her wake waddled the duck, whose only purpose is to provide companionship for the goose. He began to beat his gums for whatever it is he accomplishes when he beats his gums.

Soon afterward, the ewe which leads the flock emerged from the barn. She sensed it was too early to start the day's grazing, so she knelt and eased herself down for another 40 winks. She was still in that position when her assistant stepped outside to sniff the weather and decided to override constituted authority.

One by one, the other sheep followed, until only the dozing lead ewe, the ram and the goat were left behind. The last two were still in the barn. Finally they staggered out to start a new day, too. The goat has no function, except to occupy that niche in the animal kingdom already overcrowded with useless creatures. This he does without trying. The ram's function either has been fulfilled by this date or never will be, a situation which

his behavior suggests must be as clear to him by this time as it is to the flock of ewes whose platonic friendship is his principal desideratum.

Life in the barnyard had gone into motion. It was time to turn on the lights in the house, bang doors, scratch in the clutter and cackle like crazy—to flap wings, set off resolutely in search of greener pastures, grub for the unknowable, waddle off to the world beyond the barn door and set a good example.

Dust off the bald head, strap on a necktie, stir up the flock and jump up on the fence. Disregard sloth. Rise and shine. Go to the ant, thou sluggard.

Sometime, one of these maternal musings is going to turn sour and the old goat's going to stay in the barn all day, just to be different.

A Grave Responsibility

Kefauver's Decision Defies Tradition

By DAVID LAWRENCE

WASHINGTON
AT LEAST one man of prominence in the Democratic party believes that the nomination for the presidency should be decided by the people and not by the man who happens to be President.

When Senator Estes Kefauver of Tennessee announced that he was a candidate for the Democratic nomination for the presidency and that he was nobody's "stalking horse," he became the first Democratic aspirant who wasn't asking Mr. Truman's consent to run or making promises that he will retire from the race if the President says he wants renomination.

Mr. Kefauver's pronouncement is "the exception that proves the rule." The mere fact that there are no others who have done likewise underlines the curious situation in which the majority party in the last four presidential elections finds itself.

THEORETICALLY, the members of the Democratic party are free from coercion. Theoretically, there is no dictator in the party who says who may be nominated. But actually the officeholders and the political machines are so beholden to Mr. Truman that they do not dare to say openly that perhaps someone else should be chosen.

Those men who might be candidates hesitate for fear they might offend Mr. Truman and fail later to gain any of the delegations which he may indirectly or directly control in the event that he ultimately decides not to run. Hence the courageous action of Senator Kefauver in defying all precedents and tradition, insofar as party organization practice is concerned, is all the more commendable.

Mr. Kefauver is, of course, disliked by most of the big political machines, especially in the large cities. Though a Democrat himself, he fearlessly turned the spotlight on some of the big

Democratic party machines and showed their relationship to the gamblers and racketeers. For this he has incurred the everlasting enmity of the political organizations concerned. But perhaps by the same token he has won more than enough political support to offset that kind of opposition.

IF THERE WERE a nationwide presidential preference primary, as Woodrow Wilson recommended to Congress in February, 1913, when he was president-elect, the people as a whole would have a voice in nominating a president.

There are such primaries in 14 states, but they cover only half the number of delegates and the results of primaries are not binding because of state laws permitting different choices at the convention itself.

The evils of a system whereby the President may control his own renomination were denounced by Woodrow Wilson, but the Democratic party in subsequent years never enacted his proposal.

"It is intolerable," wrote Mr. Wilson in 1913, "that any President should be permitted to determine who should succeed him—himself or another—by patronage or coercion, or by any sort of control of the machinery by which delegates to the nominating convention are chosen."

"There ought never to be another presidential nominating convention; and there need never be another. Several of the states have successfully solved that

difficulty with regard to the choice of their governors, and federal law can solve it in the same way with regard to the choice of presidents. The nominations should be made directly by the people at the polls."

THE ANNOUNCEMENT by Senator Kefauver that he will enter some of the state primaries is in itself a challenge to the President. Mr. Kefauver has voted more times with his party on important issues than against it. He is independent-minded and won his election to the senate by defeating in the primary race in Tennessee the candidate of a Memphis political machine which in all previous campaigns had dominated the elections. So Senator Kefauver really is trying again to win by taking on this time the political machines in several states.

It will be an interesting sidelight on the 1952 campaign to see how skillfully the machines and officeholders who are controlled by the administration will seek to prevent the Kefauver candidacy from getting anywhere. Already candidates have been entered by the administration to attempt to block Kefauver. It serves only to emphasize that state primaries need runoff provisions so that the two can decide the issue and so that the total vote cannot be split into pieces by candidates who are obviously "stalking horses" for political bosses who seek to control the balloting at the national convention.

Health To You

By EDWIN P. JORDAN, M. D.

The Doctor Answers

TODAY'S first two letters are typical of a great many received by this column. Mrs. J. M. B. says "I have been using a hormone cream for the development of my bust, but I have recently been told that the use of such creams is harmful."

"Can you tell me if this is true, and whether they are beneficial or not?"

Mrs. E.M.C. writes, "I am flat-chested since the birth of my three children. How can I increase the size of my bust? I have used creams with no results."

"Is there any other method that I could try?"

There was a time when the use of hormone or estrogen creams was considered as a possible danger in the production of cancer, but this fear is now considered rather slight.

These creams will cause some enlargement of the breasts only in those women who are not themselves producing enough of the proper hormone; in others it will have no effect.

In those for whom it does produce some bust enlargement, the results are likely to be temporary and disappear when the estrogen is discontinued. For these reasons it is wise to be checked up before employing estrogenic creams for this purpose.

It is doubtful that there are any exercises or any other methods which can be used effectively to produce bust enlargement.

Q—Could you tell me why my 11-year-old son perspires every night. He is an active child, eats well and sleeps well. He has large

diseased tonsils, never sits down, and is a rather nervous sort. Is it the tonsils, the nerves, or what? —Mrs. M. R. B.

A—Excessive perspiration at night is more likely to be related to the youngster's nervousness and activity than to his diseased tonsils. He should be kept quiet for at least half an hour before going to bed to see if that will not help.

One Man's Opinion

By WALTER KIERNAN

THE OPS just hired the people who do the radio and TV surveys to do a food price survey and I hear that Berle and Beane are tied for first place.

Red Skelton was second followed by red meat, and Godfrey and his friends were a percentage point behind chickens and hens.

Not only the stars but even a ham can now look to Nielsen for a rating but it's the first time a baked ham could get in the poll. Speaking of stars, I understand Skelton is in trouble in California... they don't mind him selling Tide but the whole coast is afloat and they think he's overdoing.

I won't say that New York is going to make a pass for the Hollywood movie makers but I hear the mayor has ordered a new orange tree for city hall plaza and a dummy oil derrick for Times Square.

The propaganda will be "it gets awful wet in New York but not externally."

The word "cash" originally meant a box, coming from the old French "casse," according to the Encyclopedia Britannica.

Men's Wear

By RELMAN MORIN

(For Hal Boyle)

Rebellion Urged Against Styles

NEW YORK

LOOKING DOWN one wing of the news room here, I am observing a tableau of protests.

There are between 20 and 30 men in range of vision. About two-thirds of them are coatless, with shirt sleeves rolled. Some are working, open-throated, having unbuttoned their collars and slipped the neckties downward a few inches, as well.

Oh, my brother, as Hal Boyle would say, here is a pitiful little rebellion!

--

HERE IS AN eloquent expression of what men think of the modern male costume. Here is the grim effort to escape from the "business suit" and its accessories, which feature built-in discomfort, squeezing and strangulation, guaranteed to last. Men's clothes are the supreme idiosyncrasy of the 20th century.

For instance, consider your neck and throat.

An inordinate amount of tender care and attention has been lavished on them by the tailor, the shirt-maker and the necktie salesman. Your tie has at least three folds of cloth, your shirt four and your coat collar a modest two, but thick and heavy.

This adds up to nine layers of wool, cotton and silk or substitutes, tightly wrapped, scratching, strangling, blocking arterial traffic, increasing body temperature and raising proper hell.

Fully dressed, you are lugging around 10 to 15 pounds of fabric and leather. This is at least three times the weight of the average costume of a woman.

Moreover, it is neither handsome—take a look at the drab, total impression created by a mass of men—nor is it functional. If it were, men wouldn't get out of their coats, ties and collars at the first opportunity.

--

SO, WHY this costume?

I used to think it was the result of vast conspiracy between the cloth-makers, tailors, designers, middlemen, etc. . . . Obviously, the more fabric, leather and gadgets they can pile on the male chassis, the better for the stockholders.

But designers tell me that isn't a fact. They say that many people, both men and women, have had a try at devising a more sensible dress for men. None has ever taken hold.

For instance, the Australian "Bush-Jacket" is an eminently practical garment. It combines the functions of the shirt and the coat. It has short sleeves an open throat and is worn outside the trousers. It is about coat-length and loosely belted at the waist. It lets a man breathe around the equator and the neck and shoulders.

Versions of it have been attempted in this country, the designers say, but they were never successful.

--

NOBODY KNOWS the reason. There is a suspicion that the average man is far too timid to break away from convention. But it may be the little woman who insists that her man look as much as possible like all other men, and through pressure, silent and otherwise, compels him into the same old mold, year after year.

The only hopeful sign I have noted seems to have originated in California, around Hollywood, where the necktie is disappearing rapidly, even in offices. Maybe the trend will spread.

Personally, I believe a wonderful campaign plank is inherent in this for 1952.

A man who promised reforms in men's clothing ought to sweep the country. Of course, he would be sticking his neck out, and this is not good politics.

Looking Backward

From The News Files

FORTY YEARS AGO—A class of 30 candidates was initiated into the mysteries and benefits of the Loyal Order of Moose, Thursday.

Miss Iva Maeder, Norman Kyle and Harold Steiner of this city attended a dance in E.H. Mac Hall, Alliance, Knights of Pythias.

TWENTY-FIVE YEARS AGO—Mrs. James Giffin entertained a group of friends at a 6 o'clock dinner Tuesday evening at her home, Franklin Ave., in honor of the birthday of her daughter, Moynelle.

For the 1927-28 season the members of the Travelers Club will study "The British Commonwealth." Mrs. H. H. Sharp was elected president.

TEN YEARS AGO—The Maids of Salem of 1942 and the Cavaliers held a joint meeting at the home of Miss Betty Alexander on W. Tenth St.

Mr. and Mrs. Balford B. Dixon were welcomed as new members of the Three Links Social Club of the Odd Fellows at a coverdinner in the hall last night.

FIVE YEARS AGO—Mr. and Mrs. Marvin Coffee of Wilson St. left today for Sioux City, Ia., where they will reside while he attends Morningside College to take a course in business administration.

Rev. R. J. Hunter, Dr. James A. Scott and Rev. C. F. Evans are among the ministers from this district attending the Ohio Pastors' convention in Columbus this week.

We used to think of them as just our highways—now they're our highways and lowways—and merrily we bump along.

A Michigan thief disguised as a girl was caught by police—instead of by pneumonia.

A friend is a person who dislikes the same people and the same things you dislike.

This Fight Is Yours!

Yes, indeed, this fight is yours! Just as it's mine! In fact, I've been fighting polio ever since I was knee-high to a grasshopper, and if you're wondering how old that is, it's sixteen months — in my case. I'm seven now—my birthday was January 2nd — and I've had polio for over five and a half years. What a fight! And what a poor excuse for Hopalong Cassidy I am right now! But don't worry about me. A couple more operations and I ought to be able to walk without a brace. Imagine that!

I was stricken with polio in Florida, where I was born. I've always been in the service, that is, my dad has, ever since I can remember. We're all in Weisbaden, Germany now, he and my mother and I, where he's on duty as an engineering officer with the 2105 Air Weather Group, U. S. Air Force. Many of my pals are GIs. That's why I use the word fight . . . I hear it so often, I guess.

Anyhow, in my case, I know what polio is, and what a tough fight you have to put up to lick it. All my muscles below my waist were incapacitated. I had a spinal curvature, and very weak left hip and thigh muscles. And, as I said, I've had operations, and there are more ahead before I'll be able to walk without a brace. I don't know

what we'd have done without the help of the National Foundation for Infantile Paralysis! If you or some member of your family were stricken with this terrible disease, you would know! That's why I say—THIS FIGHT IS YOURS!

Polio is on the increase in this country, despite the enormous amount of money spent on research by the National Foundation for Infantile Paralysis. During the last four years over \$79,000,000 in March of Dimes funds were spent on patient care, in contrast to \$41,000,000 expended during the whole previous decade. See what I mean?

During the past four years the average number of polio cases has jumped to 33,000 a year against an average of 12,000 during the previous ten years. Do you know that the National Foundation is in the hole, financially, about \$5,000,000? That's how much it's over-spent its epidemic aid fund the past several years.

Want to do me a real favor? Help all you can during the March of Dimes. This fight is yours as well as mine!

I'm Larry Jim Gross, by the way!

Polio treatment and care is offered everyone in Columbiana County regardless of age, race, creed or financial standing by The Columbiana County Chapter, National Foundation for Infantile Paralysis.

Christian Women's Fellowship Hears Talks On United Nations

THROUGH talks by their guests, Mrs. Edith Purviance and Mrs. Calvin Filler, members of the Christian Women's Fellowship became better informed at their meeting Wednesday evening in the church on the workings of the United Nations organization. "So We Talk About the U. N." was Mrs. Filler's topic. Five rules for international peace as compiled by Mrs. James Wyker, National president of United Church Women, in her booklet "Christian Women Building Lasting Peace" were discussed by Mrs. Filler.

To pray; to live democratically; support the United Nations; share of our abundance and to study and discuss family and neighbor issues of peace were the five rules as outlined by Mrs. Wyker.

In her informative talk Mrs. Purviance carried forward the discussion on the U. N. by telling of the mechanics of the organiza-

tion and what it does. Why the U. N. is worthwhile and how it has proved to be so were the focal points of her talk.

Geraldine Van Hovel entertained with two piano solos, "To A Wild Rose" and "In Autumn." A letter was read from Bertha Parks Wyker, former state secretary of Christian Women's work in Cleveland. She thanked the local group for the gift sent for her wedding to Blair Wyker Dec. 12 in Columbus. A description of the wedding was sent here by Miss Bertha Hanna, former secretary to Mrs. Wyker.

Miss Naomi Shinn presided at the meeting. The Dorcas group, headed by Mrs. Fred Rogers arranged the refreshments served at the social hour which concluded the meeting. The next meeting is scheduled for March 26.

Myrtle England Wed To Dale Geho

Rev. George S. Wilson, pastor, performed the wedding ceremony which united Miss Myrtle England, daughter of Mr. and Mrs. Herbert England of Berlin Center, and Dale Geho, son of Mr. and Mrs. Marshall Geho of Kinsman Sunday in the Upper Room Chapel of the Presbyterian Church.

Only the immediate families witnessed the exchange of vows and rings which took place at 2 o'clock. The bride complemented her blonde blue lace gown with an unusual pink double orchid and pink accessories. Her gown in a ballerina length was simply styled.

Miss Dorothy England, sister of the bride, wore a pink crepe dress with a white orchid corsage. A brother of the bride, Richard England, served Mr. Geho as best man.

More than 50 friends and relatives of the couple from Pennsylvania, Kinsman, Niles and Salem were greeted at the reception in the home of Mr. and Mrs. John Egner in Ellsworth.

Miss Evelyn Lesick served the tiered cake and Mrs. Wanda Mullett and Mrs. Leroy England presided at the punch bowl. Mrs. Egner registered the guests.

The newlyweds are residing in Youngstown. Mrs. Geho is a graduate of Canfield High School. Mr. Geho graduated from Lowellville High School and is employed at the Glass Board Co. in Youngstown. The Gehos are formerly of Salem.

Midway Grange Team Initiates Candidates

Twelve candidates were initiated in the first and second degrees by a degree team from Midway Grange at the meeting of Guilford Grange Saturday night. Remarks were given by former Deputy Master W. A. Morris and Lloyd Farmer, master of Midway Grange. A rising vote of thanks was extended to the degree team for their splendid work.

At the next meeting, Feb. 2, the home team will exemplify the third and fourth degrees in full form. Camella Baker is captain of the team.

HERE'S A SMART YOUNG WOMAN who is taking her short, unruly hair in hand with the help of a home permanent. She has chosen a kit which includes a waving lotion designed for her particular hair texture. As soon as she has finished shampooing her hair, she pours the lotion into a glass cup (upper left), and prepares to apply it with cotton. Next, she rolls each saturated strand of hair on a plastic curler (lower left) and when she finishes her complete head, sets an alarm clock for the timing period. The steps are simple and take little time to follow. In fact, to create a stronger wave, all she has to do is to leave the curlers in overnight. The last step is a brush and combing, and the result is a smartly-styled, easy-to-handle hair-do.

Program Enjoyed By Mt. Nebo Grangers

Mt. Nebo Grange met Wednesday evening when one application for membership was received and Master Carl Bailey gave a report of the health and safety meeting he attended Tuesday evening.

The lecturer asked that everyone be prepared at the next meeting Feb. 13 to give suggestions for programs during the year. Everyone is to bring a valentine for the valentine box.

Kenneth Zeigler gave an interesting demonstration on the cutting up of beef. He gave instructions on feeding cattle to produce the best quality of meat. He stated that one of the biggest problems was in getting the meat chilled fast enough after killing. He was assisted by Charles Speaker.

The Juvenile lecturer, Nancy Birk, had the following program: Riddles by Mervin Bartholow; a story, "Danny and the Noisy Locomotive" was read by Thomas Rudebeck; Hazel Bartholow read a poem, "Skating Weather." They closed with the group singing "A Church in the Wildwood." Mrs. Starkie, Juvenile matron, gave a few remarks from the short course at Columbus.

The Juvenile members are invited to the next subordinate program. They are to bring valentines.

Hanoverton Church Installs Carillon System

Hanoverton Christian Church has installed a Vibrachimes Carillon System and it was used for the first time Sunday to call the people to worship. At the evening services Rev. Oakley Wilson Crow properly introduced the value of the system to the congregation.

Several recordings were played including "The Sweetest Story Ever Told." There was a good attendance at the service. The Men's Choral Choir, a newly organized group, presented three selections.

TO HOLD STORY HOUR

Mrs. Howard Beilhart, children's librarian, will tell three stories at the story hour at 11 a. m. Saturday in the public library. They are: "Bad Gobins," "Pixies' Scharf" and "Where Hidden Treasure Lies."

Catholic Association Has Annual Banquet

THE fifty-first annual banquet of the Ladies Catholic Benevolent Association, St. Ann's Branch No. 654, was an affair of Thursday evening in the Knotty Pine Room of the Lape Hotel. Seventy-five were seated at the tables which were decorated with white mums, snapdragons, yellow daffodils and yellow candles. Yellow folders marked each place. Yellow and white are the colors of the group.

Mrs. Eleanor McGlynn, supreme officer, of Cleveland spoke. Mrs. Vekler of Cleveland, also a supreme officer, was a guest. Father Gaffney and Father Varble were guests and gave short talks. Mrs. Dean Lavelle, president, introduced the speakers. Two charter members, Mrs. George Shriver and Mrs. Nora McLaughlin, were present. The other charter member, Mrs. Barrett, was unable to attend.

Vocal selections were given by Miss Rose Marie Faini and piano selections by Miss Sally Scullion. Games of "500" and bridge completed the evening's entertainment. The "500" prize went to Mrs. Lavelle, bridge prize to Mrs. Robert Conroy, special prize to Mrs. James Sullivan and guest prize, Miss Emma Derfus. Out-of-town guests attended from Cleveland, Poland and Lisbon.

The committee in charge of the event included Mrs. Rauph Landwert, chairman; Mrs. Clifford Lowery, Mrs. John Fithian, Miss Lucy Deville, Miss Mary Elizabeth O'Neil and Miss Rose Marie Scullion.

Skat-R Club Meets

Skat-R Club members were entertained Thursday evening at the home of Mrs. Emmor Ackelson, Fair Ave. Guests were Mrs. Harold Harris and Mrs. James Roessler.

Prizes in 500 went to Mrs. Gus Conja and Mrs. Harris. Lunch was served by the hostess. The next meeting will be Feb. 14 at the home of Mrs. George Mitchell, Prospect St.

Rev. Swogger Will Lead Lisbon Meeting

METHODISTS of Columbiana County are meeting at the Lisbon Methodist Church at 3 p.m. Sunday for a Family Life Conference. Rev. Richard C. Swogger, Salem pastor who headed the district delegation to the National Family Life Conference in Chicago last fall, will be in charge of the panel discussion.

Included in the panel are Mr. and Mrs. Ray Young of Steubenville, Mr. and Mrs. Lewis Call of East Springfield, Mr. and Mrs. Joseph Cooper of East Liverpool. Both Rev. and Mrs. Swogger will participate.

The conference in Chicago is said to be the first of its kind held by a church seeking to meet the needs and problems of the American family. Bishop Werner, conference speaker, said in opening the Chicago session, "there were over eight million children in families that changed residences in 1949; there are over four million women working, with more married than unmarried women working outside the home." These he cited as contributing factors to the problems in American life.

The principles of the national meeting will be imparted to the family life session Sunday. A movie "Preface to a Life," will be shown and the group will have discussion panels led by the Swoggers.

Dr. William Robinson, Steubenville district superintendent of the Methodist Church will lead the worship service. Rev. H. L. Massey of East Liverpool, district adult advisor, also will be present.

Rev. W. E. Pierce To Be Guest Minister

Rev. W. E. Pierce will be the guest minister at the Bethesda Presbyterian Church service Sunday morning at 11:00. Sunday School will be held at 10 a.m. Nelson Orwick is Sunday School superintendent.

"captain of the men of death"

PNEUMONIA is a disease which strikes swiftly and proceeds quickly and dramatically to a crisis. Until recent years little could be done to help the patient. The brief decisive struggle between the infection and the patient earned for pneumonia the dreadful title, "Captain of the men of death."

In the parlance of the army, the captain has been "busted." First came antipneumococcal serum; which removed one bar. Later, powerful sulfa drugs and, more recently, penicillin teamed up with serum to break the captain completely. All of these powerful weapons are kept in readiness in our prescription department, waiting only for the physician's orders.

Memorial Building Is Center For New Salem Youth Council

THE NEWLY organized "Memorial Building Youth Council" is planned to promote activities for both boys and girls in the Memorial Building.

Made up of two members of each social club of young people, plus any interested youth in the community, the Council was organized by Ward Zellers, Memorial Building manager. All High School students or any teen-ager is included in the plan.

Through the Council the Memorial Building will be the center of a youth program. Any social club can ask admittance, and after a probationary period, be admitted to the Council. Club members interested in the Council may seek information from Mr. Zellers.

Meeting with the Memorial Building manager this week, a group of representative young people outlined a constitution and elected officers. Officers are:

Don McCormick, co-ordinator;

Kenny Layden, assistant; Judy Tame, secretary-treasurer and Joyce Cosgrove, corresponding secretary. Mr. Zellers is councilor.

The first in the series of "fun and frolic" for boys and girls planned by the Council will be a "Sock Hop" scheduled from 9 to 12 p.m. Saturday in the Memorial Building. An orchestra will play for dancing. Dick Reed, Dick Perkins, Judy Gregg and Joyce Cosgrove comprise the dance committee.

Salem Young People Plan 'Call' Events

IN CONNECTION with the Call to United Christian Youth Action, Salem young people plan a recreation get-together Tuesday and a consecration meeting Feb. 3 as a part of the observance to be carried out throughout the nation via meetings, radio and television.

The Call is issued on behalf of 38 major Protestant denominations by the United Christian Youth Movement. The challenge theme during youth week, Jan. 27 to Feb. 3 is United! Committed! In Christ!

Salem's young people of various denominations have been working on the program to be presented here. The Call interdenominational party will be held at 7:30 p.m. Tuesday in the First Baptist Church and is designed to entertain all interested young people in the community.

Progressive games will be played. There will be group singing, and a film, "Accused," which explains the Call, will be shown. All churches are uniting in the preparation of the refreshments for the party.

On the party committee are Joanne Petras, chairman, Everett Crawford, Elaine Greenmyer and Carol McQuilkin (Presbyterian), Connie Gillett (Salem Methodist) and Ruth Rae Mountz and Sylvia Brantingham (Winona Methodist).

The consecration city-wide service will take place at 7:30 p.m. Sunday, Feb. 3 in the sanctuary of Holy Trinity Lutheran Church. Everett Crawford of the Presbyterian Church is general call chairman and Rev. Thomas Hammerton of the Winona Methodist Church is adviser.

Rural Church Group To View Motion Picture

The Green Township Sunday School convention will be held in the Calla Evangelical United Brethren Church Sunday at 3 p.m. A special program with selections from various churches in the township and a film, "Out of the Night" will be shown.

The election of officers for the ensuing year will be held. The offering will be added to the convention treasury.

Mrs. Hodge Fetes Club

Mrs. Robert Hodge was hostess to her club associates last night at her home on Vine St. Prizes in "500" went to Miss Joyce Lowry and Mrs. Paul Hornung. Lunch was served by Mrs. Hodge. The Feb. 7 meeting will be at the home of Miss Lowry on Eighth St.

Church Choir Honors Crothers, Taylor

DIRECTOR Thomas E. Crothers and organist, Homer Taylor, were honored by fellow members of the Methodist choir at their annual dinner party Thursday evening in the church dining room. A committee of the Women's Society of Christian Service arranged the enjoyable affair.

In presenting Mr. Crothers and Mr. Taylor with gifts, appreciation was expressed for their work. The 47 guests, which included families of the choir members, were seated at a U-shaped table and the places were marked with name cards designed as black notes of the scale.

A miniature black robed choir backed by simulated organ pipes was the unusual table centerpiece. An arrangement of flowers also used on the table, was intermingled with pastel-shaded scale notes. After the dinner the group attended the "Of Men and Music" movie at the theater.

Church Women Hear Elizabeth Hartman

MISS ELIZABETH Hartman, director of Religious Education in the Methodist Church, gave an inspirational talk to members of the Salem District Council of Church Women, at their meeting Thursday at the Baptist Church.

Using as her theme, "The Highways of Life" she outlined four ways that we need to follow: first, lovely lane, where we can enjoy and recall the beauties of God's world; second, inspirational trail, where we can have times of real worship; third, friendship road, where we travel with those who have the same purpose in life regardless of race or color and fourth, service highway, the place where we can be used of God to help others.

Plans were made to observe the World Day of Prayer, Friday, Feb. 29 in the Baptist Church. Mrs. J. A. Fehr is in charge of the general arrangements. Mrs. Clyde Matheny, state president of the organization, will speak at the afternoon service. A luncheon from 11:30 a.m. to 1:30 p.m. will be held for the business people in the Christian Church. Services also will be planned for the children and for the women at the Home for Aged Women.

Mrs. Frank Bruderly, presiding officer, named the nominating committee including Mrs. Warren Brown, Mrs. Charles Lantz and Mrs. L. S. Richards. The executive committee met in business session prior to the meeting.

President To Attend Patterson Rites Today

WASHINGTON (AP) — Former Secretary of War Robert P. Patterson, killed in Tuesday's plane crash at Elizabeth, N. J., will be buried today in Arlington National Cemetery.

President Truman planned to attend Episcopal services at Washington National Cathedral at 3 p.m. He did not plan to attend the burial.

Patterson, who was 60, served as secretary of war between 1945 and 1947. He had since served in the law firm of Belknap and Webb in New York City.

Turnpike Association Re-elects Clevelander

COLUMBUS (INS) — Ernest M. Green of Cleveland begins another term today as president of the Ohio Highway and Turnpike Association which held its annual meeting Thursday in Columbus.

Others re-elected were Allison C. Neff of Middletown, vice president; Merle Paul of Columbus, secretary, and Miles E. Evans of Cleveland, treasurer.

The association sponsored the original act in the Ohio legislature for authorization of the construction of the \$300 million turnpike across northern Ohio.

Hobo Confesses Killing 9 Men In Over 2 Years

SACRAMENTO (AP) — A 28-year-old bearded hobo, lounging in his county jail cell on a vagrancy charge, calmly wrote a confession that he killed nine men in two and a half years. Then Lloyd Gomez told surprised officers yesterday, "I'm getting tired living this way. I'm getting weak, I guess."

Gomez gave robbery as the motive but said his total loot was less than \$65. Undersheriff Harry Knoll said the accuracy of Gomez's descriptions left little doubt that he was telling the truth. Authorities last fall undertook a statewide search for a man they suspected of from seven to 12 transient slayings in hobo jungles.

REHEARSE AT LISBON

LISBON — A Holy Week Choir composed of singers from village churches will hold its first rehearsal at 2:30 p.m. Sunday at the Presbyterian Church, in preparation for nightly services beginning April 6 and continuing through Good Friday. Clyde Tschantz is the director.

TRY TO BEAT THESE DRUM-MAKERS

WHEREVER British drums are rolling, whether at the changing of the guard at Buckingham Palace or in some remote jungle outpost, chances are the drums were shaped, lapped, fitted, corded and painted in a little workshop in London's west end. The firm, known as Henry Potter & Co., reaches back to 1815 when Samuel Potter, a drum major with the Coldstream Guards, set up the first work-

shop. Since that time the company has marched to the front as probably the most famous makers of drums in the world. It is a craft that takes just about 10 years to master and most of the firm's employees have been on the job for more than a quarter of a century. Every drum bears the badge of its own military unit. The shop also is a museum of old drums. One belongs to Frederick the Great's army.

The workshop contains a complete collection of Britain's regimental badges.

This worker is shaping the shell of the drum.

Next he paints a design on shell of the drum.

After drum head is fitted on, drum is corded.

Drum is ready for shipping.

Earl Blaik To Remain At West Point As Football Mentor

Holds Eleven Year Record Of 77-18-6

WEST POINT, N. Y. (AP)—Col. Earl (Red) Blaik will remain in command of Army's grid-iron forces but don't look for any miracles when the Cadets take to the football field this fall.

Speculation whether Blaik would be back this fall ended yesterday with an announcement by Major General Frederick A. Irving, superintendent of the United States Military Academy.

Gen. Irving said Blaik would remain as both football coach and athletic director, positions he has held since coming to the Point from Dartmouth in 1941.

And Blaik added after talking with Gen. Irving: "I intend to remain at the military academy as long as I can be of service."

OFT-PRINTED REPORTS had Blaik, crushed by the honor code scandal that cost him most of his 1951 football team, including his son, Bob, contemplating leaving for another football post or a position in the business world.

The veteran coach, whose Army teams have won 77 games, lost 18 and tied six in 11 years, was quick to point out, however, that his decision to remain at the academy doesn't mean that Army's football fortunes will improve immediately.

"In fact," Blaik said, "I'll be happy if we do as well this fall as we did last year." Army defeated only Columbia and the Citadel of its nine 1951 opponents and was whipped by Navy, 42-7.

BLAIK POINTED out next fall's team will be much the same as last year, except for some half-dozen players who will graduate.

"I don't know if we'll be permitted to use plebes," he added. "And if we are, there still are very few who can carry the heavy class work required and still play varsity ball their first year here."

Gen. Irving said he considers athletics an integral part of training, but there will be no over-emphasis at West Point. "Col. Blaik fully supports the athletic policy of the military academy," the statement said, adding:

"The policy, as in the past, will require all intercollegiate participants to abide by the regulations, to take the same courses, to measure up to the same standards and to have the same obligations as those who do not compete in varsity athletics."

"We shall endeavor to encourage young men, athletes and non-athletes, who have the qualifications to become career officers, to compete for entry to the military academy."

Gen. Irving said special privileges are not accorded to athletes at West Point.

KUCAB SIGNS CONTRACT
YOUNGSTOWN (AP)—Johnny Kucab, 32-year-old relief pitcher for the Philadelphia Athletics, signed his contract today. Kucab, who had a 4-3 relief record for the A's in 1951, previously turned down one contract. He got a substantial raise and signed.

Kucab lives in nearby Campbell.

Michigan State's football team played before a total of 426,903 fans during their nine game season.

TOWERS OF STRENGTH—Basketball still depends on the tall boy. Michigan State's All-American end Bob Carey, left, is equally at home on the court. Six-foot nine-inch Mark Workman, center, scored 30 points against Maryland, 24 helping West Virginia tally 100 against New York University and 36 opposed to Niagara. Six-foot-six sophomore center Boris Nachamkin gives NYU authority under the boards.

COLUMBUS (AP)—High School basketball drama in a nutshell! West Milton (pop. 1739) of Miami County has won eight straight. The team, coached by Bernie Cole, is known as the Bulldogs and is a member of the Southwestern Buckeye League. Identical twins, 6-foot three-inch Charles and Bill Fox, both seniors, are co-captains.

West Carrollton (Pop. 2176) of Montgomery County has won 10 straight. The team, coached by Don Bogan, is known as the Pirates and is a member of the Southwestern Buckeye League. Identical twins, 5-foot 10-inch Ronnie and Donnie Brown, both seniors, are co-captains.

They meet tonight at West Milton, with the league leadership and an unblemished record at stake.

THIS AND THAT from here and there!

Ohio is the harness horse capital of the country, but no Buckeye owned pacer has ever won the \$65,000 Little Brown Jug classic scheduled for its sixth renewal Sept. 18 at Delaware... Cleveland bowling proprietors are in the midst of a big promotion stunt, allowing all women to bowl two free games each Saturday with the alleys paying the pin boys.

And speaking of bowling, don't be too critical of your pin boy if he slows down in the late-going of a league series. A kid setting pins on two alleys for two five-man teams will lift shoulder high a total of nine and one-half tons of pins and balls in a matter of two hours. Could you do it?

That 105-75 loss to Grove City (Pa.) Wednesday night was Hiram College's 15th straight defeat over two seasons, but the Terriers are still in there trying.

JOHN ALTHANS, Western Reserve's heavyweight wrestling star, just wouldn't do as a professional... He doesn't give the fans a run for their money. He pinned Ed Ross of Rochester in 51 seconds. Lou Ralston of Baldwin Wallace in 1:57, and Bob Adams of Akron in 1:24 in his three starts this season. Air Force Maj. Doug Crone coaches the Red Cat grapplers.

Paul Kippels, former trainer for the Omaha Club of the Western League and the St. Paul Hockey Club, is the new trainer of the Columbus Red Birds of the American Association... U. of Cincinnati cagers (5-8) are under the .500 mark for the first time since early in the 1947 season when they came back for a 17-7 record after dropping five of the first nine. The Bearcats lost four straight on their recent road trip.

STEVIE BALOCH of Cleveland is leading the nation's women bowlers with a 199 league average for 45 games... And Opal Cording of Wooster is one of six feminine stars who have converted the 4-6-7-10 (Big Four) split this year. Wooster College is losing two of its star basketball sophomores. Ward Lehr, who scored over 1,300 points for Big Prairie High School and has played all nine Wooster games, is dropping from school; and Raoul Davis of Charleston, W. Va., is transferring to Miami U.

Cougars, Dayton Tally Cage Victories

NEW YORK (AP)—Brigham Young and Dayton, finalists in the National Invitation basketball tournament last year, are after another bid to a post-season tourney.

The Brigham Young Cougars chalked up their fourth straight league victory last night with a 59-53 decision over Denver's hustling Pioneers.

Dayton, beaten 62-43 by Brigham Young in the NIT title game, rang up its 14th victory in 17 starts with an 80-74 decision over Georgetown. Big Don Meineke, fourth highest scorer in the nation, paced Dayton with 26 points.

LaSalle of Philadelphia whipped Loyola of Baltimore, 90-65; Detroit gained a 67-55 decision over Tulsa and Conisus, conqueror of highly regarded Holy Cross earlier in the week, made up a 10-point deficit in the last half to nip Niagara, 53-52.

None of the players of the Cleveland Indians roster hailed from the city of Cleveland. Only one player was born in the state of Ohio.

SEVENTEEN PROS broke par in the initial 18 holes and 12 more equalled regulation figures.

Boros, whose only good tournament win was the Massachusetts Open last year, toured the course in 33-33-66. Middlecoff, the golfing dentist from Memphis, did it in 34-34-68, and Mangrum, from Chicago, carded 35-33-68.

Two comparative youngsters, Bob Toski from Northampton, Mass., with 35-34-69, and Fred Hawkins of El Paso with 35-34-69, remained in close contention.

Kent State Edges YoCo Five, 71-70

YOUNGSTOWN (INS)—Percy Grenfell dropped in a set shot with eight seconds remaining in the overtime period to give Kent State a 71-70 victory over Youngstown College Thursday night.

The victory was the sixth straight for the Golden Flashes and also halted Youngstown's nine-game streak.

Grenfell was high-point man with 22, while Walt Brian of Salem and Mike Magula had 22 and 15 points, respectively.

Clair Dunn Appointed Football Coach At University Of Toledo

TOLEDO (AP)—Clair Dunn, a high school history teacher for the past 15 years, took over today as head football coach for the University of Toledo.

He had been handling the job as acting coach since Nov. 1 when Don Greenwood quit. Before that he assisted Greenwood on a part-time basis.

Greenwood, a former professional griddier for the Cleveland Rams and Browns, resigned shortly after the game Toledo won from Bowling Green, 12-6. Slugging by linemen started a brawl on the field involving spectators during that game.

After returning to Toledo with the team, Greenwood had demanded the university board of athletic control take action and

228 Deer Killed On NEO Highways

One-hundred and thirty-two bucks and ninety-five does for a total of 228 were killed on Northeast Ohio highways in the past year, according to Mahoning County Game Warden Earl Ressler's annual report.

Trumbull County led the NEO district with 31 bucks and 14 does killed in the past 12 months. The leading county lost ten bucks in the month of October for the high of the district.

Mahoning County was second in deer lost with 27 having been killed in highway accidents. They had 20 bucks and seven does killed.

Columbiana County was eighth among the NEO district with eleven deer. The local county had nine bucks and a pair of does meet highway fatality.

The highest loss of the year was in November when 38 deer were killed, three of them in Columbiana County.

Carter Signed For Bout

CINCINNATI (AP)—The date of March 18 has been reserved for a boxing show headlining Jimmy Carter, lightweight champion, in an overweight 10-rounder with the winner of the Harold (Baby Face) Jones-Gerald Labrol benefit show here Feb. 19.

The Cincinnati Boxing and Wrestling Commission set aside the date at a meeting yesterday. Promoter Sam Becker said he already has signed Carter for the bout.

Birdie Tebbetts, 37, Signs Indian Contract

Jim Hegan Also In Fold, Will Attend Batting School

CLEVELAND (AP)—Veteran Birdie Tebbetts, the second best pinch hitter in the league last season, has signed his 1952 Indians contract, the team announced today.

At 37, Birdie is starting his 13th season as a Major Leaguer, but only his second with Cleveland. The Indians also have received a contract today from another catcher, Rookie Dick Kinaman.

Though Tebbetts was hot as a pinch hitter—his average in that department was .455—he hit only

.263 in his overall percentage, playing in 55 games. No salary figure was available on Birdie or Kinaman.

ONLY ONE of Cleveland's catchers—Rookie Montalvo—remains to sign. He is playing with San Juan in the Puerto Rican League and is expected to be heard from shortly.

Cleveland's first line catcher, Jim Hegan, not only signed his contract but eager beaverishly volunteered for the Indians special batting school. The offer was accepted.

Hank Greenberg, the general manager, originally had planned to hold classes at Tucson, starting Feb. 20, for five regulars—Doby, Luke Easter, Al Rosen, Ray Boone and Harry Simpson.

Then Hank added Eulas Hutson, a good rookie prospect for the outfield. He said he was glad to have Hegan, too, a lifetime .234 hitter.

JIM HAD been excluded, not because Hank had given up on him, but because he thought he could use more rest in the spring. "But if he thinks the extra batting practice and instruction will help," said Hank, "then I certainly want him to be there."

"I have always felt that the thing he lacked most was confidence. If we do no more than convince him he's better than his average shows, the extra work will have been worth while."

High Hank is pretty high on Jim and gives him a large credit for Cleveland's fine pitching. He says: "He saves more runs than most catchers drive in."

NOW 13 INDIANS have agreed to terms, with 24 still to be heard from—including such stalwarts as Larry Doby, Bob Lemon and Bob Avila (All slightly disgruntled).

Soviet Russia May Field Teams For Olympic Games

LONDON (AP)—Soviet Russia probably will field teams in about half of the events at the summer Olympic Games in Helsinki, Finland, in July.

An Associated Press survey today showed the Russians currently are eligible to take part in 10 of the 20 sports and must be considered threats in at least seven of them.

If they choose, the Russians can enter boxing, basketball, weight lifting, soccer, wrestling, gymnastics, men's track and field, women's track and field, men's swimming and women's swimming.

THEY HAVE announced they are applying for membership in the International Shooting Union and might make further bids before July.

Just how strong their teams will be this year remains to be seen. For prestige reasons it's a pretty safe bet the Russians, who do come to Helsinki, will be absolutely the best the Soviet can find.

This means they should have a good deal to say in deciding titles in boxing, basketball, weight lifting, soccer, men's swimming and in men's and women's track and field.

ABOVE ALL should come the Russian soccer team. Soccer is a tremendous spectator sport in Russia and since, at least in theory, all Russian athletes are amateurs, the No. 1 national team will qualify for Helsinki.

Russian soccer teams on their very limited excursions into Western Europe have displayed brilliant football. If they can come close to duplicating this form in the Olympics they will have to be regarded as the favorites.

CLEVELAND (AP) — Lawyers for George F. Ross, 27, say he will plead innocent to murdering Policeman Forney L. Haas by reason of insanity. They plan this, they said, in spite of Common Pleas Judge Samuel H. Gilbert's ruling yesterday that Ross is sane enough to stand trial Feb. 4.

Saxton Fights Tonight In Garden

NEW YORK (AP) — Johnny Saxton, unbeaten in 24 starts, gets a chance to move up in the welter class tonight when he meets Livio Minello, former European champ from Bergamo, Italy, in a Madison Square Garden bout.

The 10-rounder, scheduled for 10:00 p.m. (EST) will be carried on radio (ABC) and television (NBC).

Saxton, a Brooklyn Golden Glove grad of the 1950 class, has ideas of brushing past Gil Turner, Johnny Bratton, Chico Vejar and other contenders to a shot at Champion Kid Gavilan.

Most of the opponents in his past record are several cuts below the class of Minelli—not to be confused with his older brother, Aldo, who lost to Saxton in 1950. However, Saxton does hold wins over Joe Miceli, Tony Pellone, Honeychile Johnson and Charley Salas and boasts 12 knockouts in 24 unbeaten starts.

Criminal Trials Start At Lisbon On Monday

LISBON — Criminal trials will begin Monday before Judge Joel H. Sharp in Common Pleas Court with the appearance of Silas Anderson, 23, of near Aliquippa, charged with assault to rape. Anderson was arrested by East Palestine police the night of Nov. 22. Police said the Negro tried to force Jane Abbott, 19, into his car.

Indicted by the January Grand Jury, Anderson was arraigned Monday and pleaded not guilty of assault to rape but guilty of assault. He has been in jail under \$5,000 bond since arrest.

"Mac" Withdraws Name

Early Volume Puts
Stocks Up Again

NEW YORK (UP) — Stocks edged higher on increased volume during the morning dealings today.

Leading issues firmed while the best gains were made in stocks not included in the group making up the market averages.

Aircrafts consistently advanced and their volume exceeded other groups. Chemicals, oils and special issues showed gains of 1 to 3 points.

A sizeable group of oils set new highs, including Ashland, Mission, Shell, Skelly, Socony-Vacuum and Gulf.

American Smelting and Kenne-

cott reached new high ground in the metals. Rails had small gains. Steels ruled steady. Motors were firm.

Egypt

(Continued From Page One)

figures have gone far beyond those totals.

The biggest previous battles had been Dec. 3 and 4 when 43 Egyptians and 11 British were killed at Suez.

Egypt is demanding that the British give up their authority in the Anglo-Egyptian Sudan as well as quit the Suez. Egypt has turned down a Western proposal that she join in a Middle East defense pact. The West hoped that by joining such a pact Egypt would become an active partner in defense of the Suez Canal waterway and the Egyptian-British dispute could be ironed out.

King Ibn Saud of Saudi Arabia has come up with a plan for getting British troops out of the Suez area within a year. Britain would undertake the task of training and equipping Egyptian troops for defense of the canal. There has been no official British or Egyptian reaction to Ibn Saud's proposals.

Says Request Rejected

The British, determined to stay in the canal zone area, have appealed to other countries to help keep the canal open. Egypt has said she will regard as outright aggression any attempt by other powers to interfere in the dispute.

In referring to today's battle, the British asserted it was necessary to disarm the Egyptian police because they had connived at and taken part in attacks on British forces. A request that Egypt disarm them was refused.

McCloy Hurt Skiing

BOON, Germany (AP)—American High Commissioner John J. McCloy suffered a fractured ankle in a skiing accident today in the Bavarian Mountains. American authorities said McCloy was taken to Munich, where he will receive treatment at a U. S. Army hospital.

A young robin can eat earthworms measuring a total length of 14 feet in one day.

SAVED FROM FLOOD WATERS—Fireman Tom Hedrich, left, pulls 13-year-old Louis Kolisar from the raging Los Angeles River which has been a torrential stream since last week's southern California flood. Louis was the last of three boys to be rescued from a group of five who attempted to ford the river. The other two made it across themselves.

Hiss Asks For Retrial,
Says He Has New Facts

NEW YORK (AP)—Alger Hiss has asked for a retrial based on what he says is new evidence that he can prove he told the truth when he said he did not give American secrets to a pre-war Russian spy ring.

The one-time top State Department aide appealed yesterday for a third trial. The jury in his first trial was dismissed when it couldn't agree. The second trial resulted in a five-year sentence.

Hiss said he had new facts to back up his defense that he was convicted partly by typewriter forgery. The new plea came 10 months after Hiss, a right-hand man for the late President Roosevelt at Yalta, began serving his term. The motion will be argued Feb. 4.

Named Poland Envoy

LONDON (AP)—Sir Francis Shepherd, Britain's envoy to Iran since the Anglo-Iranian oil crisis exploded, was named ambassador to Poland today. The 59-year-old career diplomat will go to Warsaw to replace Ambassador Sir Charles Bateman, who is retiring.

122 JAPAN HOMES BURNED

TOKYO (AP)—Six fires in scattered sections of Japan today destroyed 122 homes, half of the living quarters of the Chinese mission in Tokyo, and a school house.

Dems Favor "Limited"
Probe Of McGrath Case

WASHINGTON (AP)—Some Democratic sentiment was reported today for a "limited" congressional investigation of Attorney General McGrath.

This word came from both Republican and Democratic sources as the House Judiciary Committee put over until next Tuesday its final decision on a GOP-backed resolution to spotlight Justice Department activities.

The committee has before it a proposal by Rep. Keating (R-NY) to inquire into what he charges are Justice Department failures to prosecute criminal cases, and into alleged instances of "influence and favoritism."

TALKS IN FORMOSA

TAIPEH, Formosa (AP)—Vice Adm. Harold M. Martin, commander of the U. S. Seventh Fleet arrived today for conferences with top American and Chinese Nationalist officials, including President Chiang Kai-Shek.

SENATE OKAYS GORRIE

WASHINGTON (AP)—The Senate Armed Services Committee today approved President Truman's nomination of Jack Gorrie of Washington State to be chairman of the National Security Resources Board.

According to tablets excavated in Egypt and deciphered, the installment system was known to the ancient Egyptians.

Obituary

Virginia Lynn Davis

LISBON—Virginia Lynn Davis, three-year-old daughter of Theodore and Lucille Davis of the Hephner Hollow Road, died at 3:20 a.m. today in the home after a one-week illness.

She was born Aug. 16, 1948 in Center Township. Besides the parents she is survived by a brother, Ronnie Davis at home, and her grandparents, Mrs. Rebecca Davis of RD 4, Salem, and Mr. and Mrs. Gene Powell of RD 1, Lisbon.

Services will be held at 2 p.m. Sunday in Eells-Leggett funeral home by Rev. Hollis C. Sterrett of the West Beaver United Presbyterian Church near Gavers. Burial will be in West Beaver cemetery.

Friends may call Saturday night at the funeral home.

2 Townships Meet
T. B. Drive Quotas

Two of the county's 18 townships went over the top Thursday in the annual Christmas Seal sale sponsored by the Columbiana County Public Health League. Proceeds are used to fight tuberculosis.

Miss Lillian Schroeder, executive secretary, said Center Township has collected \$2,096 on a quota of \$2,000, and Unity Township has \$2,806 on a quota of \$2,800. Respective chairmen were Charles McKenzie and Paul Lang. Perry Township expects to hit its peak of \$6,500 shortly. Chairman Lee Vincent's report shows \$6,300 collected so far.

Fairfield needs \$44 to meet its \$2,300 goal. Total county collections are \$26,680 and \$1,320 short of the \$28,000 goal. Contributions totaled \$27,453 last year.

McMahon Withdraws
From Illinois Race

WASHINGTON (AP)—Senator McMahon of Connecticut today asked that his name be withdrawn from the Illinois Democratic presidential primary.

McMahon made the request in a telegram to Illinois secretary of state Edward J. Barrett. Senator Kefauver of Tennessee also has been entered in the primary.

McMahon's move, together with a hint from President Truman yesterday that he might run for the Senate, left the whole Democratic presidential picture as cloudy as ever.

But in pulling out of the Illinois primary, to be held April 8, McMahon emphasized that he wants Mr. Truman to run for reelection.

Three Cars Damaged
In Lisbon Accidents

LISBON — Cars driven by Robert L. Hill of 196 S. Madison St. Salem and William W. Croft of Lisbon collided at 5:25 p.m. Thursday on E. Chestnut St. Police said both cars were slightly damaged.

Dick Stockman of 157 Sherman St. told police Thursday noon an unidentified car hit his parked 1951 sedan yesterday, smashing in the left front door.

Reds Punish Villages
In Czechoslovakia

VIENNA, Austria (AP)—A sharpening food crisis in Czechoslovakia has prompted the government to punish whole villages where farmers are suspected of holding out on agricultural deliveries, the American-sponsored newspaper Wiener Kurier said today.

Communities which fail to meet the delivery quota are denied ration tickets for clothing, soap and other necessities, the paper said.

ICELAND HEAD DIES

REYKJAVIK, Iceland (AP)—Iceland's president, Svienn Bjornsson, 71, died early today in the national hospital of a heart ailment. Ill 18 months, he had been president since 1944, when the republic of Iceland was proclaimed.
